

Weather Alert Providers

NDOR makes this list available as a service.

This is a list of Providers we know about who specialize in Weather related alerts by phone/e-mail/text message.
Some may charge a fee for their services.

**This list is not intended to be a recommendation of any particular Provider. It is solely information.
Users...You must do your own research and make your own decision about which Provider to use, if any.**

Providers...If you SPECIALIZE in Weather Alerts, and are not on this list, or if you see an error on the list, or if your information needs to be updated, please contact us using the Question/Concern Form on the main page of our NDOR site (www.transportation.nebraska.gov)

Company & Internet Site	Alert Focus	Types of Weather Alerts	Alert Method	Cost
AccuWeather http://www.accuweather.com/alerts/index.asp	County Specific Warnings are for the entire county It takes the zip code you give them, and assigns a county to it.	variety of alerts and forecasts	E-mail	free and also a premium service for fee
Weather Call www.weathercall.net	Street Address Specific Takes an address and draws a geo-coded polygon around it. Uses storm-based warnings, which geo-codes records and compares with the geo-codes of the warning polygon.	tornado, severe thunderstorms, flood Focus is on life threatening events	Phone & e-mail Also can deliver warnings via SMS text, but again, only if the geo-coded address falls inside an NWS warning polygon.	\$9.95 per year
Weather Channel http://www.weather.com/services/twcalerts.html	County Specific Warnings are for the entire county It takes the zip code you give them, and assigns a county to it.	variety of alerts/options	Text msg.,e-mail and phone	some free, phone has fee
Weather USA http://www.weatherusa.net/alerts/	County Specific Warnings are for the entire county It takes the zip code you give them, and assigns a county to it.	variety of alerts/events	Text msg & e-mails	unknown
